Nexward Capital LTD

World Capital Management & Research — About & User Guide

Research-led portfolio design, risk-first governance, and transparent reporting.

24/7 client portal with statements, activity feeds, and clear timelines.

This guide explains how to navigate the site, verify your account, and use core features.

General information only — not personal advice. See the License page for regulatory information.

Contents

1. Overview & Orientation

Nexward Capital LTD is a research-led capital management and research firm. Our platform focuses on prudent allocation, risk-first discipline, and transparent client reporting. This guide helps you understand how to use the website and portal, navigate live market tools, and interact with our programs.

Primary navigation on the website includes: About, Programs, Markets, Documents, Contact, and License. You may also find a language selector via Google Translate. The client area is available via Login / Get Started.

2. Getting Started (Account, KYC, Login)

Create Account

1) Click *Get Started* on the header or mobile menu. 2) Provide accurate details and set a strong password. 3) Confirm your email if prompted.

Verify Identity (KYC)

KYC ensures regulatory compliance and platform safety. Prepare a valid identity document and follow on-screen steps. Upload clear images and verify details before submission. Status updates will appear in your portal and via email/SMS (where applicable).

Login

Use your registered email and password to access the client portal. For additional security, enable two-factor authentication (2FA) if available.

3. Dashboard Tour

The client portal provides your portfolio snapshot, activity feed, and statements. You can monitor allocations, track timelines (e.g., processing/approved), and download reports.

Key Areas

Snapshot: Quick view of allocations and recent activity.

Activity & Timeline: Request statuses and confirmations.

Statements: Downloadable reports for record-keeping.

Profile & Settings: Update contact details and security options.

4. Programs & Terms

Nexward’s Programs section lists available capital programs with structured ranges (minimum/maximum), target ranges, and terms. Each program includes a concise description and may specify a term in hours or days. Always review the details and ensure the program aligns with your objectives.

How to Choose a Program

Review minimum and maximum capital requirements.

Check the term (e.g., 24 hours or multi-day) and target range.

Read focus areas and notes, including any risk considerations.

Proceed only when you understand the program's parameters.

5. Deposits, Withdrawals & Statements

Deposits

From your portal, initiate a deposit according to the program's minimum/maximum thresholds. Follow the on-screen instructions carefully. Once submitted, your activity feed will reflect the deposit request and its status.

Withdrawals

Request withdrawals from the portal. You'll see processing timelines and confirmations. Ensure destination details are correct. Notifications may be sent via email/SMS. For any discrepancy, contact support immediately.

Statements

Downloadable statements are available in your portal. Keep them for personal records and accountability. Statements typically include transaction history, balances, and time-stamped confirmations.

6. Markets & Tools (Charts & Screeners)

The site integrates live tools such as TradingView charts and CoinGecko tickers for research convenience. Use these tools to monitor market movements, screen assets, and conduct preliminary research. They are informational and do not constitute advice.

7. Security Best Practices

Enable two-factor authentication (2FA) where available.

Use a strong, unique password and store it securely.

Verify you are on the official domain (https://nexwardcapitalltd.com/).

Do not share one-time codes or sensitive information with anyone.

Keep your browser and devices updated; avoid public/shared devices for sensitive actions.

8. Fees & Timelines (At a Glance)

All fees, ranges, and timelines are disclosed in context across the site and portal. Before confirming any action, review the displayed details. Processing times may vary by program, verification status, and operational windows.

9. Support & Communications

You can reach the team through the live chat (Smartsupp) on the site or via the Contact section. Notifications and status updates may be sent via email or SMS where applicable.

10. FAQs (Beginner Focus)

Is this personal financial advice?

No. The information provided is general in nature and does not consider your objectives or circumstances. Review the License page and consult a qualified advisor where appropriate.

How long does verification (KYC) take?

Typically quick, but it can vary based on document quality, volume, and compliance checks. You'll see status updates in your portal.

Where do I see my deposit/withdrawal status?

In your portal's activity feed and timeline. You may also receive email/SMS notifications.

Can I download statements?

Yes, statements are available in the portal for record-keeping and reviews.

Where do I change my password or enable 2FA?

Go to Profile/Settings inside the client portal.

11. Troubleshooting

KYC not approved

Re-check the clarity of your document images and resubmit. Ensure your personal details match the documents.

Deposit not reflecting

Verify transaction details and allow the stated processing time. If still missing, contact support with references.

Withdrawal pending

Check the program-related timelines and ensure destination details are valid. Contact support if it exceeds the stated window.

Can't access account

Use the password reset flow. If you've lost access to your email, reach out to support for next steps.

12. Policies, Disclosures & Disclaimers

Nexward Capital LTD operates with risk-first discipline and transparent reporting. Nothing herein constitutes personal financial advice. Please review the License page and any posted disclosures for regulatory information. Products and features may vary by region and eligibility.

13. Glossary

Term	Definition
KYC (Know Your Customer)	A regulated verification process to confirm identity and reduce financial misconduct risk.
Statement	A downloadable record of account activities and balances over a defined period.
Program	A structured offering with minimum/maximum ranges, target range, and term.
2FA (Two-Factor Authentication)	An extra security layer requiring a second factor (e.g., code) in addition to the password.
Timeline/Status	Step-by-step indicators that show the progress of requests (e.g., processing, approved).

14. Contact

For general enquiries, visit the Contact section on the website or use the live chat. Support is available during posted hours; response times may vary by volume.
